

To Army Men.—Dealers wishing copies of our New Year Address will find them in their hands at the 20th inst. We will furnish them at merely the cost of printing. The Address will be from the hands of some of the finest penmen in all our land.

To Housekeepers.—We are requested by the butchers to say there will be no market on Friday or Saturday, but the markets will be kept open all day Thursday. Housekeepers will therefore do well to provide themselves with sufficient on Thursday to last Monday.

A committee of the Legislature, consisting of Messrs. Delph, Marshall, Hamilton, Irvine, DeHaven, Thompson, and Wood, appointed to inquire into alleged abuses and restrictions imposed on the State by the General Government, had a meeting yesterday afternoon, at the Common Council Chamber, to originate their business. A committee of the Louisville Board of Trade was present to confer with the legislative committee, and also several of our prominent citizens. The Hon. Robert Mallory, who has just returned from Washington, was also in attendance. After a free exchange of opinions, the conference was adjourned until the evening, when Mr. Wheat, the Secretary of the Board of Trade, read a number of reports, setting forth the business grievances of Kentucky. Mr. Arthur Peter and other gentlemen made suggestions of great interest. The effect of these revelations must have been to convince the gentlemen of the Legislature, that while the business men of Louisville have suffered most materially from the Treasury regulations by the Customs-house officials here, still the nature of these restrictions are of a character which does not fall within the purview of the State Legislature, while their removal must depend entirely upon the exertions of the merchants of our city, who have heretofore been so active through their Board of Trade.

The committee adjourned to meet in Frankfort on the 11th of January.

CITY COUNCIL.—The Mayor sent his message to the General Council last night, transmitting contracts with Charles Miller & Co., and L. I. Hyatt, to supply citizens with 200,000 bushels of coal at 24 cents per bushel, the contract to be filled by the 1st of April, 1890. An ordinance, which did not come before the Common Council, but which passed the Board of Aldermen, requires the Commissioners of the Sinking Fund to supply citizens with such coal at the rate of 25 cents per bushel.

The Mayor submitted the nominations of James H. Johnson, John H. Johnson, and John H. Johnson as supernumerary policemen, which nominations were confirmed.

The Council adjourned, to meet on the 6th of January, 1890.

A gang of horse thieves infested the neighborhood of Danville. Three valuable horses were stolen at that place a few nights since.

Three negroes were arrested yesterday near the fair grounds for having government arms in their possession and inciting other negroes to insurrection. They were confined in the Military Prison and will be examined in the course of a few days.

For several nights past the city has been kept alive by a promiscuous crowd, who have already entered their holiday festivities.

The coal question is the all-absorbing topic of conversation at the present time. The prospect for a supply at low prices is very flattering. It is quite evident that our coal dealers will "go up" if they don't "come down." "Coal is King."

Sixteen disasters were sent to their regiments in iron from this place yesterday.

Fifty-two recruits were received from Springfield, Ill., and eighteen from Columbus, Ohio, yesterday. The recruits from Springfield were forwarded to their regiments from this point yesterday.

We understand that the planters and dealers along the river here to Henderson, are actively engaged in preparing their tobacco for market. The yield of the last crop was much larger, and the tobacco of a much better quality than was anticipated. The tobacco market is quite active, and prices are advancing.

A little boy was captured by a soldier last night on the corner of Fifth and Grayson streets, and being frightened, ran to the innkeeper, who was sitting at his desk, and told him that he had a pistol, and that he was going to shoot him. The fellow made his escape before the watchman arrived.

Major-General Wm. T. Sherman arrived in this city on Tuesday night and left last night for a brief visit to his family in Ohio. His many friends here (and all the friends of the country) are his greeted him with enthusiasm. Wherever he goes, he cannot fail to receive the warmest of welcomes. His long and skilful and most perilous services entitle him. He has shown himself one of the very few truly great military men of the nation. THREE DUGLASSES ARRESTED.—The Brazilian House, on Fourth street, was entered yesterday by three men, who went to the private room of the proprietor, as is supposed, for the purpose of committing a robbery. THE MOST DARING ROBBERY EVER RECORDED.

One of our main street merchants, whose name we suppress by request, sent two barrels of old whiskey, which he valued very highly, to his residence on Broadway, a short time since, and the barrels were temporarily placed in the dining-room. On Tuesday night, at about ten o'clock, while the family were reclining in the parlor, the barrels were rolled out of the dining-room into the back yard, and from thence to the street, through a side gate. At a late hour the gentleman "found the whiskey missing," and called in requisition the services of a policeman, who traced the marks of the hoops in the mud to the middle of the square, where the wheel cut-aways were discovered. At this spot the barrels were put in a wagon, brought there for that purpose, and carried off. No clue has been obtained to the perpetrators of this daring robbery. What next?

LOUISVILLE THEATRE.—The Holiday Season has opened, and the theatre has determined to place the National Queen on the stage to-night in a manner which has never been approached in our city, and, having inspected the new scenery, dresses, and appointments, we are prepared to say that his success will be triumphant. Superb armors and helmets, gorgeous olden costumes, spears and battle-axes, golden goblets and cups, the most effective scenery we have ever witnessed, and the most magnificent company of the nation, with every "property" which is necessary to give full effect to the brilliant spectacle, have been provided with lavish expenditure and the most exquisite good taste. Christmas Eve witnesses the first performance of the Naïad Queen, and the house will doubtless be crowded, as expectation has been on tip-toe to see the new spectacle.

ACCIDENT TO CAPT. MANGAN.—We regret to learn that Capt. Mangan, of this city, met with a painful accident last evening that will perhaps disable him for several weeks. He was riding on a horse which does not seem to be under the control of the State Legislature, while their removal must depend entirely upon the exertions of the merchants of our city, who have heretofore been so active through their Board of Trade.
